Make-To-Order Products

All-paper trays

The trays can be disposed of with regular household waste, leading to reducing amounts of rubbish. (The cups' interiors are coated with PET laminate, but they can be classified as paper products when separating for disposal.)

Each container can be separated

Each container can be separated from its set, making these trays perfect for storing frozen foods. There are a four-cup set and a six-cup set variations.

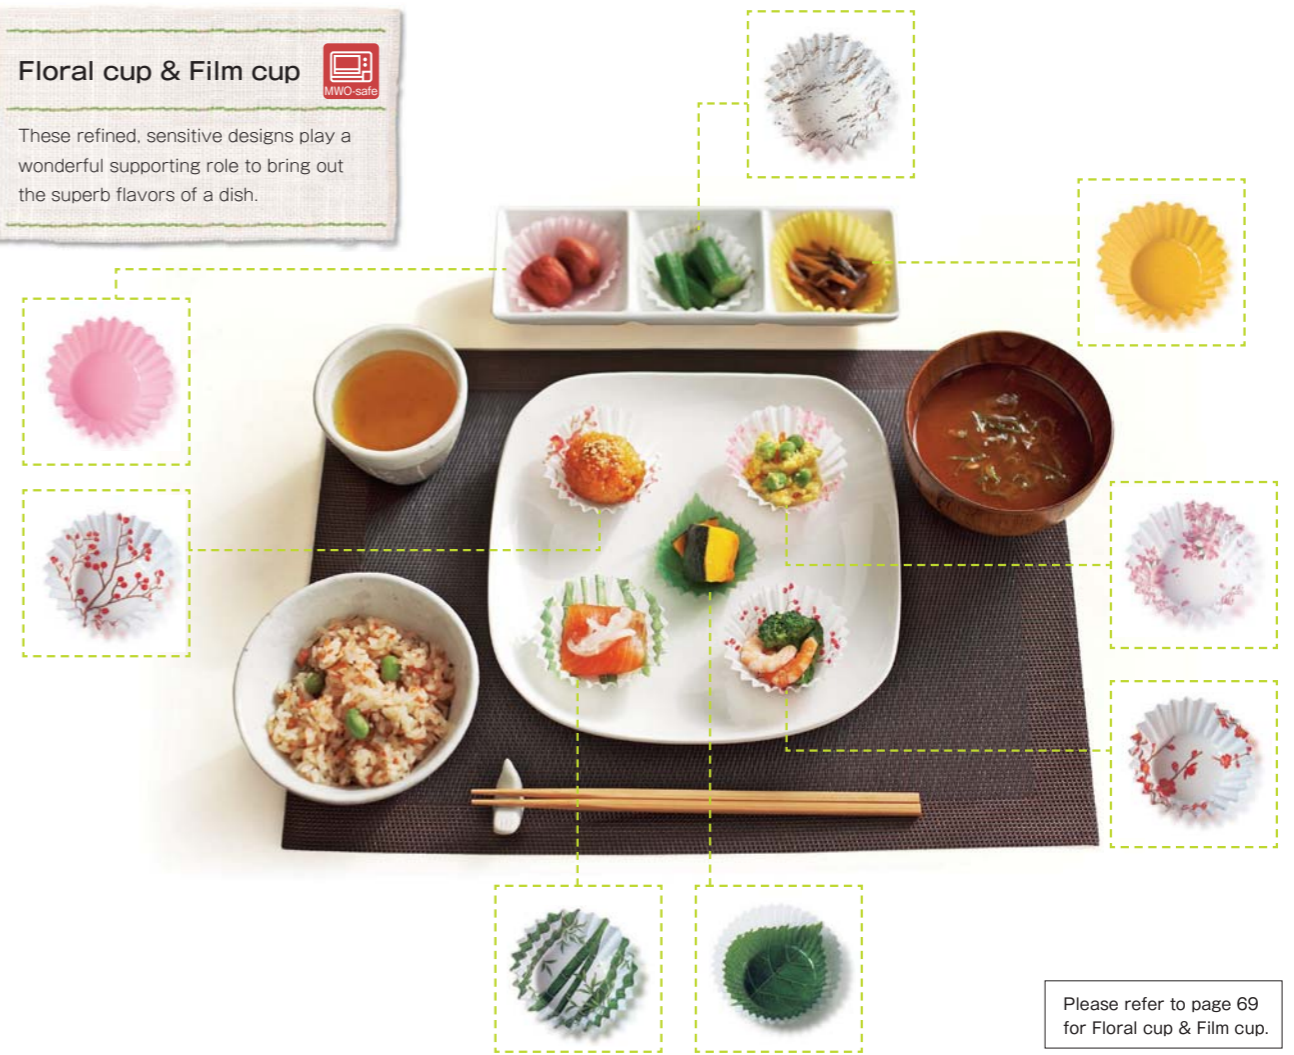

A wide range of use applications are possible. Please feel free to contact us.
