Take-away Ecopack

Ecopack salad bowls combine practicality and sustainability with the request of Professionals to be in line with the trends of eco-sustainability. Ecopack offers the whole product range made of renewable and recyclable raw materials, they are suitable for cold (salads, poke) and hot preparations, they can resist an **operating temperature between -18°C and 70°C (not suitable for use in conventional ovens)**. They are made of materials suitable for food contact, free from hazardous substances and from food contamination. Ecopack salad bowls have obtained the Aticelca certification with recyclability level A, meaning that up to 90% of the paper in every recycled salad bowl can be reused.

Bamboo salad bowls + PP with lid
